

- Acoustic EVA foam with closed cell structure
- Thickness supplied: 3 mm
- Dimensions: rolls of 10 m x 1 m
- Total surface: 10 m²
- Top side contains reinforced damp-proof membrane in PE film

- 100% Vapour barrier
- 100% Electric insulation
- 100% Mildew resistant
- 100% Health and environmental friendly

- Density: 110 kg/m³
- Water vapour transmission rate: ASTM E96 1.8 g/m² 24 hr.
- Water absorption 28 days: JIS 6767 0.03 mg/cm²
- Tensile strength: > 130 kPa
- Pressure resistance: approximately 120 kPa
- Compressive strength (25% comp) ISO844 160 kPa
- Moisture protection SD value \geq 75
